Satellites and Management

STRUCTURE

Each satellite operates semi-independently but reports to the LFS Management Committee, which oversees the entire organization.

WhatsApp Groups SOCIAL

SATELLITE WHATSAPP GROUPS:

Each satellite has its own WhatsApp group for member communication. These groups often include both fully paid-up members and interested runners who are not yet fully paid up.

SATELLITE WEEKLY RUNNING PROGRAMS:

Every Sunday, captains share the weekly running program in their satellite group to guide members on the week's training schedule.

MAIN LFS WHATSAPP GROUPS

To ensure smooth communication across LFS, there are two central WhatsApp groups:

1. "LFS Full Members" WhatsApp Group

This is the main group for all fully paid-up members from every satellite. It's an open forum where members can chat, share experiences, and exchange running tips.

2. "LFS HUB" WhatsApp Group

This group is for important announcements only from LFS Management. Only LFS Management can post here; other members cannot comment or post. It ensures that official updates reach members without distractions.

As a new member of Lusaka Fitness Squad (LFS), welcome once again to a vibrant and supportive community! Apart from meeting on the road, we also stay connected daily through our official WhatsApp groups. These groups are our go-to space for sharing updates, encouragement, training tips, event details, and everyday banter that keeps the Squad spirit alive.

To help maintain a friendly, focused, and respectful environment, we kindly ask that all members follow these simple guidelines:

Your Membership

LFS

Membership Fee:

LFS annual membership is K1,000. This fee helps support club activities, events, communication platforms, and ensures that all members enjoy a well-organized and engaging fitness experience throughout the year.

Payment Deadline:

The deadline to renew your membership is the end of April each year. Timely payment ensures continued access to exclusive member benefits and platforms. To make payment, just reach out to the treasurer.

Access to WhatsApp Groups:

Members who do not pay their membership fee by the deadline will be removed from the two official LFS WhatsApp groups:

- "LFS Full Members" – the main group for all fully paid members across satellites.
- "The HUB" – the announcements-only group managed by LFS leadership.

However, members who haven't paid will still remain in their respective satellite WhatsApp groups, where general communication and running schedules are shared. These groups include both paid and non-paid runners and serve as a space for community interaction and updates specific to each satellite.

Staying up-to-date with your membership not only keeps you connected but also supports the growth and success of LFS as a whole.

Long Slow-Distance (LSD) Runs

SATURDAY

Every Saturday, Lusaka Fitness Squad (LFS) hosts a Long Slow Distance Run (LSD)—a group run that brings together all satellite teams for a steady, endurance-focused session.

Each week, the run is hosted by a different satellite, and members from other satellites travel to the host location. This rotation not only keeps things fresh with new running routes but also strengthens the bond between the different groups.

LSDs are designed to be inclusive, with a relaxed pace that suits runners of all levels. The emphasis is on covering distance rather than speed, helping members build stamina in a supportive, low-pressure environment.

More than just a workout, these runs are a great opportunity to meet new people, share experiences, and grow as a community. They're a weekly highlight for many members, offering both physical and social benefits.

Volunteering & Service to the Club

SERVICE

LFS is built on a strong spirit of love, unity, and shared responsibility. Beyond running together, members are encouraged to volunteer their time and skills to support the club during LFS-managed events and Saturday Long Slow Distance Runs (LSDs). This collective effort is what allows LFS to function smoothly and continue growing as a community.

Volunteering is an important part of being an LFS member. The club thrives because members are willing to stand with LFS and serve when needed, whether it's helping with coordination, safety, logistics, or general support during activities.

To ensure fairness and shared responsibility, an annual volunteering schedule is created by the LFS Management. Every member is expected to serve at least once in a year. The schedule is shared in advance, and prior communication is always done before the date a member is required to volunteer, allowing adequate time for preparation.

By volunteering, members contribute not only to the success of events but also to the strong sense of community that defines LFS.

Together, we run together and together, we serve!
